Commander:

Our ROW person will be at the meeting and I will make sure she brings the information with her.

See you on the 10th  
Harvey L Berliner

Harvey-

At the last meeting and in the EIS we requested specific identification of parcels that will be impacted so we can start evaluating. When can we expect the information? Thanks, and see you on the 10th.

v/r,

Hi Harvey,

In regards to utilities information, please note that our utilities folks release GIS data last summer for Kamehameha and Nimitz Highways. (The requestor was Hazel Andrew [mailto:HazelaA@rmtowill.com]) Also NAVFAC Hawaii received letter from DTS of 10 March requesting the same information - see attached.

Please clarify what information you will need for our meeting. Do you have a Utilities POC? We will designate our NAVFAC Hawaii Subject Matter Expert

AR00138670

(SME).

I will also include our real estate folks in this meeting.

Thank you!

Lynn

Lori:

How about scheduling the meeting for 1:30 pm on the 10th? We want to talk about the following:

- \* Location alternatives for Pearl Harbor Station
- \* Utilities - known and unknown and how we indicate those utilizes which might be security sensitive
- \* ROW - Lara Ray will attend to discuss property issues.

Probably should allow 2 hours for the meeting.

I will find out the meeting attendees and the automobiles involved so I can get the information to you by the beginning of next week.

Hi Harvey,

How about 10 April, Friday afternoon?

AR00138671

What information will you need for utilities so I can invite appropriate folks?

Thank you!

Lynn

Aloha Lynn:

Today we had a security meeting with Mike Donch and Warren Ickes. I would like to follow it up with a meeting with you to discuss Utilities and possibly the station location alternatives we discussed at our last meeting. Would sometime the week of April 6th or April 13th work for you? The earlier the better.

Mahalo
